

ABC Group Presentation

Since 1982, ABC Maritime, a Swiss based family owned group of companies, offers complete solutions to the world's maritime communities of ship owners, trading houses, oil companies, financial institutions and international organisations.

ABC Maritime AG manages commercially and technically a fleet of vessels including chemical tankers, offshore support vessels and bulkers. We have one of our vessels in a port somewhere in the world every 15 hours. The group has grown to being one of the world's leading providers of floating accommodation barges in West Africa and major names in the world of oil, offshore and finance consider ABC Maritime as a strategic partner.

The company is certified ISO 9001:2015 & 14001:2015 by DNV-GL and its Safety Management System is certified by DNV-GL and Bureau Veritas.

Bayside Services SA offers brokerage services to the international shipping community for sale and purchase, chartering and finance via our offices in Switzerland and Singapore.

Headquartered on the shores of Lake Geneva (Lac Léman) in Nyon, the group has an established network of contacts allowing us to offer global solutions to the shipping industry.

Bayside Services

Since 1992, Bayside Services has been offering brokerage services to the international shipping community for sale & purchase, chartering and finance. Our team has over 6 decades of experience as well as education from the highest maritime institutes. This, combined with the global network of contacts, enables clients of Bayside Services to obtain maximum market coverage.

Bayside Switzerland

With nearly 70% of the world's physical commodities traded within a perimeter of 25 kilometers of our office, our team not only has an in-depth market knowledge but also, easy access to the world's major trading houses. We believe that we are able to give our clients a well informed and unique view for a range of wet and dry shipping markets, with specialist insight into niche markets.

Bayside Singapore

The Singapore office, opened in late 2011, specialises in tankers and offshore vessels. It is here that we focus our competitive activities for sale & purchase as well as chartering including bareboat and lease-purchase. In the tanker sector, we are concentrating on ships ranging from smaller sizes to MRs. On the offshore side, we mainly deal with tugs, FSIV's and accommodation barges.
